Work Description:

[[Tech #65008 FURLONG - DAVID Service Date: 10/06/2020]] performed safety and efficiency inspections on heating and cooling systems. Both heating and AC are working properly at this time. Please see attached checklists. Replaced 2 - 16x25x1 filters. Old ones were dirty and restrictive to airflow. Customer is at work teaching and can't be reached until later. No email on SM. Need to send paper invoice or contact customer for payment over the phone.
